

Balu Mahendra Sakile

9491919575 | balumahendrasakile@gmail.com

Career Objective

To secure a challenging position in my field of study where I can utilize my skills effectively.

Education

- **Sri Vasavi Engineering College** 2022-2026
B. Tech Computer Science & Engineering (ARTIFICIAL INTELLIGENCE)
8.24
- **Narayana Junior College** 2020-2022
Higher Secondary Education(MPC)
838
- **Z.P.H.S Velpuru** 2020
Secondary School Education
562

Skills

- JAVA, PYTHON
- Problem Solving
- Communication Skills

Projects

- **Human Violence Detection using Machine Learning**
Developed a system that detects violence using video data, applying machine learning techniques. The architecture of the system is held with major constituent components like data preprocessing, annotation, and augmentation for preparing video data to be later trained and tested using a neural network model.

Workshop

- Web Development using Django
 - AWS(Cloud Computing)
 - Power Bi
- I have done all of these workshops which were held in my college.

Languages

- English
- Hindi
- Telugu

Strengths

- Honesty, Active Listener, Quick Learner, Leadership

Declaration

- I here by declare that all the above information is true to the best of my knowledge and belief.
